

# Diablo Valley Pool League

On December 12, 2009 Cue N Brew was the place to be if you were looking for very high scotch doubles competition, a warm clean setting, food, many friendly faces and any drink imaginable. The league held its annual holiday party which was held at Cue N Brew; which is a new sponsor to the league. The menu included rice, beans, tacos, lasagna, salad, fruit salad and veggies. The food and the beverages made everyone warm inside but the competition in the scotch doubles tournament really made everyone focus on their team strategies, their stroke, and safeties. This years' teams included new players to the league, new team for the special day and returning teams. There were a total of twenty three teams (46 players). No one could predict how this tournament would end up because of the high level of skill.

This years Champions of the Holidays are new to the scotch doubles league and have shown everyone that they are duo that can run the table.
