

Diablo Valley Pool League

FINAL RESULTS FOR THE OPEN MIX LEAGUE SUMMER 09

The Diablo Valley League brought yet another league to a successful ending this past September 09. With the participation of twenty teams and a single round format, the league generated approximately \$14,000 which was paid back to the players on September 12th at the house of the winner.

Join me in congratulating the Farrington's-team led by Frank Triolo, along with Joe Prislac, Gary Stevens, Larry Davis and John Lentini. From taking third place last season Frankie's team played some excellent pool to break the domination from the Vinnie's team with Holly Robinson, Dave Gomez and the Williams gang for the last few years.

Frankie's Team Team # 1 \$2030

Holly's Mix Team # 2 \$1385

Holly's Mix, group who had been dominating our local leagues for the last few years, had to conform with second place this past summer. They held first place for many weeks until the end of session when they lost a few too many rounds and others took advantage of the opportunity. Marshall joined the already strong group of players to complete this roster.

Jared, Marshall (top 3), Jason (top 2), and George Williams, Dave Gomez & Holly Robinson.

The Office-Jim's Team # 3 \$1115

For the third spot Jim Avila's group from the Office, came out like gangbusters and actually held the number one spot for a few weeks. They took a big jump from seventh place last session to third place in this tough summer league.
