## MINUTES FOR CAPTAINS MEETING FOR THE 2009-2010 FALL-WINTER SESSION

Items discussed:

1) Handicap to increase to **135%**

-Keep the cap for handicap off.

2) We will be using a template for 14 teams with one blind.

This schedule only allows us to see the weeks to be played and dates. This is a TEMPLATE only. (page 2)

**3) 2 double blind and 10 single blinds are allowed for this double round season.**

As long as teams stay within the allowed blinds there will be no repercussions.

If a team uses the maximum amount of blinds allowed a 1 round penalty will apply every time a blind is used thereafter.

-Two double blind per season allowed (Penalty=lose 2 rounds)

-Ten single blinds per season allowed (Penalty= lose 1 round)

A team can use a single blind in lieu of using a double blind.

**Position rounds will be played on Wednesdays**

**4) RE-schedules** are allowed but must be done no later than the week before numbers are issued again. Teams are responsible for fees.

**5) It is the responsibility** of all captains to keep a full team or at least 2-3 players till end of session.

**6) Forfeit rule:** team that shows up gets the team's average plus one extra round. We will rather not give any free rounds due to forfeits to any team. All rounds should be earned on tables. No technicalities.

**7) Roster sheets** need to be submitted by the fourth week of league, so that we can sanction league on time. **MUST BE ON TIME.**

**9) Fees:** We have received the BCA material from this summer session. We will distribute the first week of play once we are rolling. If you played with us this summer your fee is \$30 only, if you did not play this summer your fee is \$45.

-If you play 4 and/or more weeks-you pay \$45.

(\$20 Score keeper fee

\$10 fee goes to the pot-back to players

\$15 BCA)

**10) Alternates** are allowed to play with no league fees due for 3 weeks; they are only expected to pay the **\$8** fee towards the envelope whenever they play.

**-We will now have a floating alternate list, which will allow a player to help teams in need, carrying her average and paying the \$8 to play.**

**Once any player on this list crosses the 4<sup>th</sup> week she is responsible for the \$45 fee (\$30 if she played during the summer.)**

**11) Players** are only allowed one lateral move per season from team to team. Lateral moves to another team not allowed during the last week 4 weeks of play.

-Players from other teams are not supposed to go to other teams matches to harass, shark, distract, etc. Stay away from the tables of teams competing.

**12)All new players** will start with 7.0 until their averages are established.

**We will play with the same average from the summer session for the first two weeks of play, until we get established .**

**13) Sponsors** only pays for one table; not two.

**14) You will get** your second drink free at play night. That means you BUY first one. There are two bars that do not follow this format. Farrington's and Cue n Brew.

**We will now have a form which will be distributed with stats every week for Farrington's bar.**

**Here are the guidelines:**

**-Captain must write all drinks to be bought (4) and give to bartender.**

**-List must state drinks and time of delivery expected for the half time drink.**

**-When the time for half time drink comes, bartender will serve a duplicate of list and will write the prices owed.**  
**-Sponsor will pay for half of price only.**  
**- According to Farrington's sponsor, he wants to avoid the few players that continuously try to get a drink they have not bought one of.**

**15) The envelopes** are due no later than Friday night at Vinnie's bar, if late a half a round point will be deducted. Worst case scenario please e-mail numbers. (diablovalleypoolleague@yahoo.com).

-It's the visiting team's responsibilities to take the envelopes with score sheet and fees to Vinnie's Bar.

**16) Team Captains** we would appreciate you encouraging your team members to attend tournaments and events. We will hold one tourney once a month and we would like all players to support your sponsors.

**We will throw \$50 at the end of the year to the captain that had most of her players show to the tournaments.**

**17) Players need to** conduct themselves in proper manner at all times, be kind and treat others like you want to be treated. Unsportsmanlike behavior is not tolerated in our leagues.

**18) Top shooters** must play **75%** to qualify for top 10. One of our new players questioned the ratio we have in place as one can easily manipulate the system.

**19) We will pay** the top 10 shooters.

**20) We will** have trophy price/plaque for the Most Improved player. We will follow numbers.

**-It's okay to just give the most improved the value of plaque, if player chooses to. (\$30)**

**21) Starting time** will be 7:30 pm; late start will be 7:45pm, after that blinds to be used. It is up to the discretion of the captains to work this out.

**22) We pay \$8** to play, plus we pay for own quarters to tables.

**23) We shall** a have single time out per game allowed.

-Shooter should address opponent before consulting.

- Time outs are NOT to be more than 60 seconds.
- Players should NOT take longer than 1 minute to take a shot.
- Captains please manage your players and time used.
- When you call for a time out only ONE single player is allowed to exchange information, not an entire team.
- If a full team of 5 shows up to the match anyone is welcomed to give feed back to players, as long as player belongs to team.

### **23) Expense account to change back to \$600 for Fall-Winter.**

### **Captains will continue to do their own printing of, stats.**

Envelopes and score sheets will be provided. Our expense account can't really afford this fee. (See attached expense account) for all 3 leagues.

### **We will issue captains folders on 2<sup>nd</sup> week, with score sheets, envelopes, BCA forms, minutes and schedules.**

**24) All fees** to be paid by to the fourth week of play. If by the first position round any one is running behind we will start to take a round off for every \$32 owed.

**25) Important issues** that come up during play which are related to any ruling already in place shall be shared with captains via an-e-mail. If captains choose not to participate League Directors will exercise their right and issue the addendum to the ruling as they see fit.

**26) When teams tie** - changing the determining factor from total # of games won by the teams in the season to how the teams did when they played each other. If for some reason there is still a tie then the number of games won between the two teams from the match(es) played against each other and if still a tie then the number of games won for the season.

**27) We will allow** full teams to show up to others matches, as long as there is not unsportsmanlike or disruptive behavior.

**28) We will** continue to deal with Cue N Brew the same way that we deal with Rack em up.

- Teams will pay \$3,00 per half an hour of warm up. If you go longer than that the clock will start.
- Every team will pay the bar \$8.00 after the matches are played. Captains are responsible for making sure the sponsors get a total of \$16 a night for both teams.

-Cue n Brew will allow DVPL players to use 2 (8') tables. The coin tables will remain for the use of the patrons.

**29) Christmas party**, dates to consider Dec 5 and Dec 12.
