

Tiger Products, www.tigerproducts.com, and West Coast Women's Regional 9-Ball Tour have joined forces; the tour will now be known as the Tiger West Coast Women's Tour. We would like to thank Tony Kalamdaryan, President of Tiger Products, for sponsoring us and bringing us under the Tiger umbrella. We are looking forward to promoting and representing Tiger products as well as providing a great venue for the many female 9-ball players to participate and compete for a spot on the WPBA.

Committee members Marilyn Boucher co-owner of the Broken Rack, Cony Mendoza co-director of Diablo Valley Pool Leagues, Eleanor Callado winner of last year's regional tour and a WPBA touring pro, Linda Silva, Tournament Director and--the latest addition to the tour committee--Christy Hawley, contributor with sponsors and marketing, have worked very hard to be able to add another stop for a total of six stops this year. Our tour would not be possible without the room owners: Chris Swart and Ben Farmer of California Billiards Club, Joe Gonzales of Breaktime Billiards, Karen Markulis of Hard Times Billiards, Ben Soriano of South First Billiards, Delbert Wong of Family Billiards, and Wayne Boucher and Jason Kung, of The Broken Rack.

This year the tour will be live streaming for the first time thru Doug Wu of West Coast Pool Players. During the stream we will show video clips of the latest Tiger products and feature interactive player interviews. The tour will also have cue and tip repair services at each of the six stops by Ken Mendoza of Jaide Billards Service.

Our schedule is below. If you are in the area please come out and play with us or support us! Our website is www.twcwt.com if you need any additional information.
