

# Diablo Valley Pool League

## DVPL Ladies Begin The Rumble.

### Vinnie's first stop

We started this month the women's series of tournaments in preparation for next year Vegas Events. We are now qualified to participate in two National Events ACS and BCA.

We will set aside money off every month's tournament until the last one on the month of May 2011 where we will pay it all back to the qualified players. Players must play at least one event to qualify for our pot.

10 Scotch Doubles Teams formed to begin the monthly challenges. We had a race to 2 all the way around. Scotch doubles and singles tournaments are held for all female players in DVPL in order to prepare for the ultimate challenges that they will face in May 2011 and of course to socialize and have fun.

Vinnie's Bar one of our main sponsors barbequed fish, chicken and steak leaving no one hungry for food, everyone was just salivating for that hot seat and then for the first place spot. Even though the prize pot wasn't huge these women gave up their Sunday afternoon for the competition, the fun but ultimately for the glory of being the Champs of this monthly tournament.

Women were still reminiscing last years tournament champs and some had to recall even further back when they were champs.

We had 10 teams competing on this first event.

Our next stop will be held on Sunday September 26 at 1:00 pm. The location is still to be determined.

Check <http://www.dvpool.com/> for more info on upcoming tournaments and leagues.
